

4-port terminal box fiber optic techniques

Overview

This unit supports termination, splicing, and storage for fiber optic cable systems. It can be utilized for desk-mount or wall-mounted setups and is compatible with. ITB-210140-4SC-4S-4P is a compact fiber terminal for use at the final fiber termination point in the customer premises. The small and lightweight ftth terminal box is ideal for mini network termination, enabling reliable connection between drop cables and ONT (Optical Network Terminal). The 4 port fiber wall plate box is surface mount termination enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. Features. We manufacture high quality products according to European and US standards. It adopts a compact plug-in design.
