

Australian Flame-Retardant Cable Tray Brands

Overview

Companies like EzyStrut, Burndy CSS, Axelent, Brilltech, and Ozstrut offer a wide variety of cable trays suitable for different applications. Ozstrut Fire Rated Cable Trays provide reliable cable management with proven fire resistance, ensuring critical circuits remain protected during extreme conditions. Designed for strength, compliance, and easy installation, they are trusted in commercial, industrial, and infrastructure projects. EzyStrut was the first Australian manufacturer to design and seek independent certification for a fire rated cable support system almost a decade ago. Trafalgar offer fireproofing systems for cables where fire hazards need to be solved. There are two very different fire protection strategies for cables we offer. Burndy have played a major role in developing Fire Rated Cable Support Systems in Australia. Manufactured from premium fire-retardant resins and reinforced with fiberglass for added strength, these trays provide exceptional durability and safety for your.
