

Earth-mounted junction box for railway communication cables

Overview

Terminal blocks, variable resistors, fuse holders and related components are mounted in these boxes. Because the pedestal is placed directly in the ground, no concrete. How can we improve?

Choose from our selection of junction boxes, including over 2,800 products in a wide range of styles and sizes. Ie gland plates for the incoming supply. This allows a single unit to be fitted with either 2 core in, 2 core out; 4 core in, 2 core out or 4 core in, 4 core out equipment is full Class II earth free. Junction boxes differ from classic. A large variety of small enclosures: polycarbonate enclosure PK, aluminum enclosure GA, small enclosure KX, carbon steel in the terminal box versions with and without a flange, e-boxes, and bus enclosure. The wall-mounted housings satisfy the most stringent requirements for protecting electrical.
