

Eastern European 18u Network Cabinet Manufacturer

Article Overview

EFB-Elektronik, Intellinet Europe, and AA-E offer high-quality 18U network cabinets suitable for Eastern European IT infrastructure needs.

Key Manufacturers and Suppliers

1. EFB-Elektronik EFB-Elektronik provides a wide range of 19-inch network and server cabinets, including 18U models, with various configurations for industrial, office, and data center environments. Their cabinets feature high protection ratings (IP54/IP55), professional cable management, climate control, and compatibility with both fiber optic and copper network components. EFB-Elektronik manufactures extensively in Europe, ensuring high product quality and short delivery times for Eastern European customers . 2. Intellinet Europe Intellinet Europe offers floor-standing and wall-mounted network cabinets suitable for standard IT and industrial applications. Their cabinets come in different protection ratings (IP20/IP55) and are designed for secure, organized, and future-ready network setups. They provide options for compact installations as well as larger server room deployments . 3. AA-E AA-E supplies 18U wall-mount and stand network cabinets with dimensions of 600mm width × 450mm depth × 920mm height (990mm with casters). These cabinets include features such as locking glass doors, removable side panels, cable access holes, and optional 120mm fans for ventilation. They are compatible with all standard 19-inch rack-mount devices, including switches, routers, and access points, and are delivered fully assembled for convenience
