

High-quality manufacturer of optical cable pre-buried pipes in South Africa

Article Overview

Top manufacturers in South Africa include M-TEC, YOA Cables, GeoDuct™, and Dura-Line/Nextube, all offering high-quality optical cable and pre-buried conduit solutions.

M-TEC (Malesela Taihan Electric Cable)

M-TEC has over 50 years of experience in the South African cable industry and operates an optical fibre plant established in 2001. They supply direct-buried optical fibre cables, duct cables, aerial self-support cables, and micro duct cables. Their products feature rodent and termite resistance, corrugated steel tape armour, and fibre counts ranging from 2 to 144, suitable for both direct burial and duct installation. M-TEC serves state-owned entities and exports across Africa, ensuring high-quality standards and reliability for infrastructure projects .

YOA Cables

YOA Cable is Africa's largest optical fibre manufacturer, with a 14,000 m² facility in KwaZulu Natal, South Africa. They offer next-generation optical fibre cable solutions for telecommunications, industrial, transportation, and transmission sectors. YOA Cables emphasizes Fast Fusion Technology (FFT) for easier installation, reduced damage, and minimal specialist equipment requirements. Their products are designed for high-capacity networks and long-term durability, making them ideal for pre-buried optical cable applications
