

Installation price of wall-mounted fiber optic distribution box

Article Overview

The cost of a wall-mounted fiber optic distribution box installation typically ranges from \$150 to \$500, depending on box type, capacity, and installation complexity.

Hardware Costs

The price of the distribution box itself varies based on capacity, material, and features:

- Small indoor ABS boxes (up to 24 fibers) for residential FTTH applications typically cost \$50-\$150 .
- Larger boxes (24-48 cores, outdoor-rated, IP65, with splitters or multiple adapters) can range from \$150-\$300 .
- Metal enclosures or boxes with advanced features like anti-theft locks, modular trays, or pre-installed splitters may cost \$250-\$400 .

Installation Costs

Professional installation involves:

- Mounting the box on a wall or pole
- Routing and securing fiber cables
- Splicing or terminating fibers with SC, LC, ST, or FC connectors
- Testing with OTDR or other tools to ensure signal integrity Typical labor costs for...
