

# Is the 144-pin connector box from Huijue genuine

## Article Overview

The 144-pin connector box from Huijue is likely genuine if purchased through official channels or authorized distributors, but verification is recommended due to the prevalence of counterfeit electronic components.

### Company Background

Huijue Group, founded in 2002, is a high-tech provider specializing in intelligent energy storage and network communication systems. Their products are exported globally, including Europe, North America, and Southeast Asia, and they focus on ICT infrastructure, data centers, smart cities, and telecommunications equipment (Huijue Group) . Shanghai Huijue Network Communication Equipment Co., Ltd also manufactures fiber cross-connection cabinets and precision network hardware, indicating a broad product portfolio in high-density connectivity solutions .

### Connector Specifications

A 144-pin connector is a high-density interface designed for complex signal, power, and data transmission. These connectors are engineered for high-frequency signal integrity, mechanical stability, and durability in industrial and telecommunications applications . Huijue's 144-pin boxes are likely designed to meet these standards, similar to other high-performance connectors like the Hailue 144-position backplane connector ....
