

Italian Electronic Intelligent Distribution Box Manufacturer

Article Overview

Leading Italian manufacturers of electronic intelligent distribution boxes include ETA S.p.A., DIS EL, and LEONI Group, offering high-quality, customizable solutions for industrial and automation applications.

Key Manufacturers

ETA S.p.A. Founded in 1978, ETA is a prominent Italian manufacturer of electrical enclosures and innovative solutions for industrial automation, low-voltage energy distribution, and IT applications. Their product range includes E NUX, E MOX, E COMP, SI, ST boxes, and outdoor stainless steel enclosures, as well as control desks. ETA provides both standard and custom solutions, emphasizing safety, modularity, and advanced technology integration for diverse industrial needs (Web results).

DIS EL (Di Lisetto Disconzi) Established in 1977 and based in Lonigo, Italy, DIS EL specializes in industrial electrical panels for automation, heating, refrigeration, and air treatment systems. They offer tailored solutions, including PLC programming and after-sales support, ensuring reliability and efficiency in production processes. Their expertise covers low-voltage distribution boards and customized industrial panels (Web result).

LEONI Group LEONI provides intelligent and mechanical boxes for power and data distribution, focusing on modular solutions for all voltage levels. Their intelligent power distribution devices, such as iPDS (Intelligent Power Distribution Switch) and iPDM (Intelligent Power Distribution Module), are designed for safety-critical and non-safety-critical applications, including automotive and industrial automation. These systems integrate advanced E/E architectures, ensuring reliable energy and data di...
