

Jamaica Surveillance Distribution Box Specifications

Overview

This document provides specifications for various distribution boxes including dimensions, mounting sizes, and number of ways. The Bureau of Standards Jamaica is a statutory body established in 1968 by the Standards Act (Act No. 57 of 1968) in order to promote and encourage higher standards for products, practices, and processes. The Bureau's mandate is achieved by: promoting the implementation of quality control. Surveillance is public health officials' most important tool for detecting and monitoring both existing and emerging health problems. Without adequate surveillance, they cannot know the true scope of existing health problems and may not recognize new diseases until many people have been affected. 50mm x 50mm PVC Wall Switch Box - Electrical 2 x 2 Surface Mount White Overview
