

Japan After-Sales Service Fiber Optic Distribution Box 4 Cores

Article Overview

4-core fiber optic distribution boxes in Japan offer durable, versatile, and easy-to-maintain solutions for indoor and outdoor FTTX/FTTH networks, with after-sales support typically covering installation guidance, maintenance, and warranty services.

Product Overview

A 4-core fiber optic distribution box serves as a multifunctional termination point connecting feeder cables to drop cables in FTTX communication networks. It integrates fiber splicing, distribution, storage, and cable management into a single compact unit, ensuring stable and high-speed optical network performance for residential, commercial, and small office environments . These boxes are compatible with SC or LC connectors and support up to 4-core or 8-core fiber splicing and termination .

Key Features

- **Durable Materials:** Constructed from high-quality ABS or ABS+PC plastics, providing waterproof, dustproof, and anti-aging protection .
- **Compact Design:** Wall-mounted or pole-mounted options save space and allow flexible deployment .
- **Cable Management:** Dual-layer structure and separate paths for cables, pigtails, and patch cords prevent interference and maintain proper fiber bend radius .
- **User-Friendly Installation:** Flip-up distribution panels and cassette-type SC adapter...
