

New Swiss Battery Cabinet Solution

Article Overview

Switzerland offers advanced modular battery cabinet solutions, including Libattion's scalable BESS systems and Centiel's LiFePOwer lithium-ion cabinets, designed for industrial, commercial, and grid applications.

Libattion AG Battery Solutions

Libattion AG, headquartered in Zurich, specializes in modular, high-performance battery energy storage systems (BESS) for commercial, industrial, and utility-scale applications . Their solutions include e-Racks and e-Containers, which can repurpose used batteries into sustainable storage . Key features include:

- Scalability: Systems range from a few hundred kWh to 100 MWh, allowing flexible deployment for small businesses or large grid projects .
- Integrated Software Intelligence: Optimizes battery lifecycle, reduces resource consumption, and enhances decarbonization efforts .
- High Reliability: Master Battery Management System ensures a single point of connection and supports up to 10,000 charge-discharge cycles .
- End-to-End Service: From design and commissioning to long-term maintenance, Libattion provides full lifecycle support . These systems are increasingly used in grid-scale projects, contributing to grid stability, voltage maintenance, and energy trading .
