

Non-standard customized distribution box manufacturers

Article Overview

Several manufacturers specialize in non-standard or fully customized distribution boxes, offering tailored solutions for industrial, commercial, and specialized applications.

Key Manufacturers and Suppliers

E-Abel offers custom electronic enclosures and distribution boxes with full design flexibility, including size, shape, hole placements, waterproofing, interior paneling, and mounting options. They adhere to NEMA standards and provide quick turnaround times, often within 2 days, making them suitable for both indoor and outdoor applications . Accio provides verified OEM/ODM suppliers for customized distribution boxes, allowing clients to select size, voltage, and design features for industrial and commercial use. Their platform connects buyers with manufacturers capable of full customization . Shenzhen Aimiqu Technology Co., Ltd in China specializes in non-standard electrical cabinets, including PLC cabinets, inverter control cabinets, power cabinets, fan control cabinets, and temporary electric boxes. They offer OEM processing, use high-quality components from national brands, and serve sectors such as real estate, factories, hotels, airports, and entertainment venues . J&HW Group manufactures custom power distribution boxes with in-house production of components like sockets, wires, and casings. This integrated approach reduces costs, avoids unnecessary features, and ensures a perfect fit for specific project requirements . Raixin provides non-standard distribution boards designed according to customer-specific requirements rather than national standards. These boards are...
