

Price of 4-core optical fiber junction box

Article Overview

The price of a 4-core optical fiber junction box typically ranges from \$10 to \$25 per unit, depending on material, brand, and features.

Overview

A 4-core optical fiber junction box is used for fusion splicing, splitting, and managing optical cables in FTTH networks or indoor/outdoor telecom setups . These boxes are usually made of ABS or PC plastic, offer IP65 waterproof protection, and are designed to be durable, impact-resistant, and corrosion-resistant . Typical dimensions are around 180 × 110 × 40 mm, suitable for wall mounting or small indoor installations .

Price Range

- Amazon listings for 4-core FTTH fiber distribution boxes show prices around \$12-\$20 per unit, depending on the seller and shipping options .
- Alibaba wholesale options indicate that bulk purchases can reduce the unit price, with competitive quotes starting from \$10 for standard IP65-rated boxes .
- Features affecting price include number of adapter ports, support for SC or LC connectors, and additional cable management or splice tray options .

Key Considerations

- Protection Level: IP65 ensures the box is dustproof and waterproof, suitable for outdoor or semi-outdoor installations .
- Material Quality: ABS/PC plastics provide durability and impact resistance, import...
