

Price of imported fiber optic cables for smart buildings in the UAE

Article Overview

Fiber optic cable prices in the UAE range from AED 5 to AED 50+ per meter depending on type, quality, and bulk purchase options.

Current Pricing Overview

In Dubai and across the UAE, standard fiber optic cables cost approximately AED 5-30 per meter, while high-capacity or premium cables can exceed AED 50 per meter. Prices vary based on cable type (single-mode vs. multi-mode), strand count, and construction quality. Single-mode cables generally offer better performance over long distances and are preferred for smart building backbones, whereas multi-mode cables are suitable for shorter indoor runs.

Bulk Purchase Benefits

Buying in bulk can significantly reduce per-meter costs, often by 20-40%, and ensures uniform quality across multiple installations. Bulk orders may also include connectors, patch panels, and installation support, which is advantageous for large smart building projects. Additionally, bulk shipments often come with discounted or free delivery, reducing overall project costs.

Installation Costs

Installation costs in Dubai typically range from AED 15-40 per meter, depending on...
