

Price of optical fiber cable height restriction sign

Article Overview

Optical fiber cable height restriction signs in the UK range from approximately £1.99 for small self-adhesive signs to £50+ for larger, durable outdoor signs.

Small Self-Adhesive Signs

For compact indoor or outdoor use, Safety First Display LTD offers a high-tack self-adhesive fiber optic cable caution sign (300mm x 200mm) priced at £1.99 with delivery included. These signs are suitable for flat, uneven, or curved surfaces and have a viewing distance of up to 7 meters. They are compliant with EN ISO 7010:2012 standards and come with a 4-year warranty for durability indoors and outdoors (Amazon UK) .

Larger Height Restriction Signs

For more prominent warnings, Start Traffic and Rainbow Safety provide reflective or rigid signs designed for mounting on height restriction barriers or posts. These signs are made from PVC, resin core with aluminum facing, or glow-in-the-dark materials, suitable for both indoor and outdoor use. Prices vary depending on size, material, and mounting options, typically ranging from £20 to £50+. These signs are highly visible, weatherproof, and comply with UK health and safety regulations .
