

Qatar Glass Bridge

Article Overview

The Lusail Pedestrian Bridges, popularly known as the Glass Bridge, are twin suspension bridges with glass flooring offering stunning views of Lusail City and Qatar's waters.

Overview and Location

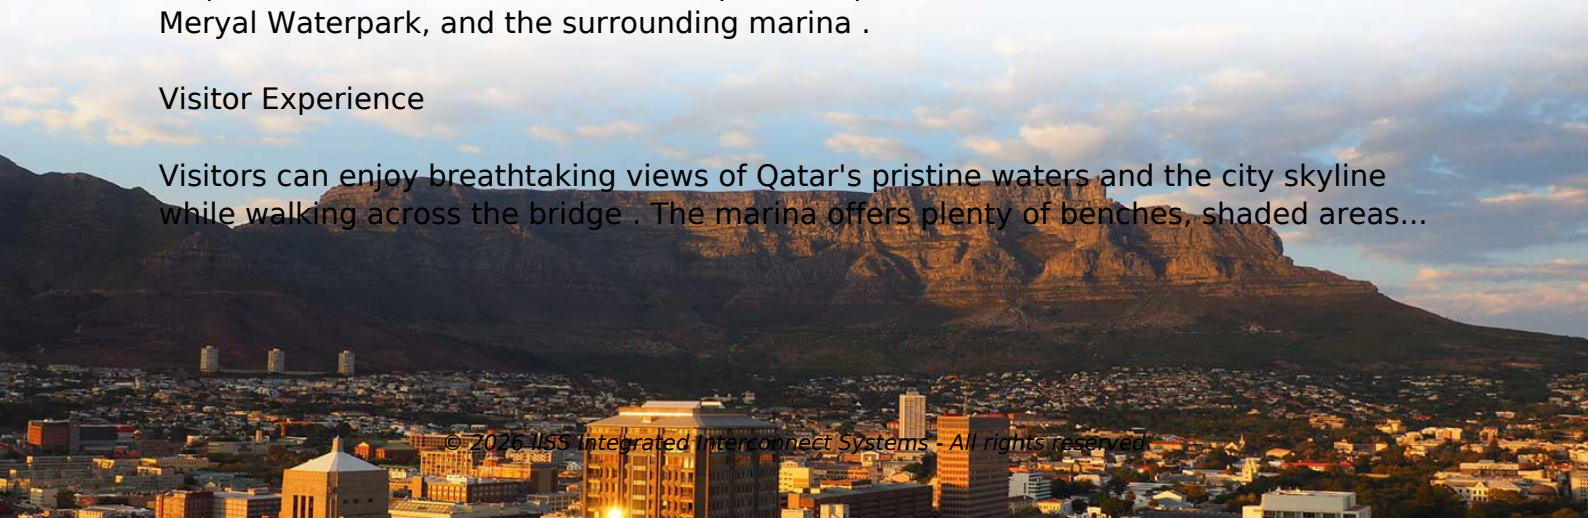

The glass bridge is part of the Lusail Pedestrian Bridges at Qetaifan Island South 1, 2, and 3 in Lusail City, Qatar . It is a pedestrian-only suspension bridge featuring glass panels and flooring, giving visitors a “walk above the water” experience . The bridge curves along the waterfront, creating a visually striking “necklace” design that integrates with the island's promenade .

Design and Structure

The bridge's glass deck is made of low-iron laminated glass layers with safety and decorative frit patterns, ensuring both durability and aesthetic appeal . Stainless steel cables support the deck, anchored to concrete pylons, while separate walkways weave across the channel, enhancing the pedestrian experience . The design emphasizes modern architecture and provides panoramic views of the Lusail Towers, Meryal Waterpark, and the surrounding marina .

Visitor Experience

Visitors can enjoy breathtaking views of Qatar's pristine waters and the city skyline while walking across the bridge . The marina offers plenty of benches, shaded areas...
