

Qatar Temporary Power Distribution Box Manufacturer

Article Overview

Al Dana Switchgear and Super Panel House are leading manufacturers and suppliers of large temporary power distribution solutions in Qatar.

Key Manufacturers and Suppliers

Al Dana Switchgear is a prominent Qatari manufacturer specializing in electrical switchgear and power distribution systems. They provide custom-designed, high-capacity power solutions suitable for temporary or industrial applications, including modular and turn-key systems. Their facilities support design, manufacturing, testing, and commissioning, ensuring reliable and efficient power distribution for large-scale projects in Qatar . Super Panel House, based in Doha, Qatar, offers a wide range of industrial electrical and distribution equipment, including control panels, automation systems, and distribution boards. They specialize in sourcing and supplying high-quality components from international brands, making them a reliable partner for temporary power distribution setups . Other notable companies include:

- Max. QPC W.L.L. – Provides supply, installation, and commissioning of electrical distribution networks, including 11 kV switchgears and modular power systems .
- Primepower Middle East – Offers modular power systems and maintenance services for uninterrupted electricity supply, suitable for temporary or industrial applications .
- Binghalib Engineering – Specializes in low-voltage switchgear, distribution boards, and motor control centers, with expertise in retrofitting and temporary power solutions
