

Recommended vendors for Syrian electrical distribution boxes

Article Overview

Hovag, Al-Dakhlalla Engineering, and Waddah Distribution Boxes are key suppliers of electrical distribution solutions in Syria.

Hovag

Hovag is a leading supplier in the Syrian market, offering a wide range of electrical products including low-voltage and medium-voltage distribution systems, transformers, and home automation solutions. They provide complete power distribution packages, including Eaton Type Tested Low Voltage main and secondary power distribution systems and Siemens Busbar Trunking Systems for industrial and building applications. Hovag also supplies UPS and backup power solutions, making them a comprehensive provider for both commercial and residential projects (Hovag)

Al-Dakhlalla Engineering Company

Established in 2005, Al-Dakhlalla Engineering specializes in electrical and mechanical projects, including the supply and installation of power generation equipment and distribution systems. They also handle industrial facilities, water and sewage projects, and maintenance of power stations. Their services include procurement, contracting, and delivery of electrical components, making them a reliable partner for large-scale projects in Syria and the UAE (Al-Dakhlalla)
