

Sales of Single-Mode Outdoor Optical Cables in Azerbaijan

Article Overview

The Azerbaijani market for single-mode outdoor optical cables is growing steadily, driven by increasing telecom infrastructure investments, with imports dominating supply and exports remaining modest.

Market Overview

The single-mode optical fibre cables market in Azerbaijan has shown resilient growth over the past five years, with demand primarily driven by the expansion of broadband networks, data centers, and telecom modernization projects . The market includes both domestic production and imported cables, with imports accounting for the majority of supply due to limited local manufacturing capacity .

Production and Imports

Local production of optical cables exists but is relatively small compared to imports. Major suppliers to Azerbaijan include Russia, China, Turkey, the United Kingdom, and Belarus, with Russia and China being the largest contributors, supplying millions of dollars' worth of optical fibres and cables annually . In 2021, Azerbaijan imported \$16.1 million in optical fibres and cables, reflecting strong reliance on foreign suppliers .
