

Singapore complete electrical distribution box manufacturing

Article Overview

Singapore hosts several specialized manufacturers and fabricators of electrical distribution boxes, offering custom solutions for industrial, commercial, and residential applications.

Key Manufacturers and Suppliers

Actenn is a leading manufacturer of electrical box assemblies in Singapore, providing custom-built solutions for power distribution, safety, and system management. Their assemblies integrate circuit breakers, wiring, and power controls into durable enclosures made from stainless steel, aluminum, and corrosion-resistant plastics, ensuring compliance with international safety standards and long-term reliability . Sunlink Engineering specializes in metal DB boxes (distribution boxes), widely used in industrial, commercial, marine, and infrastructure projects. They employ precision CNC laser cutting, bending, and controlled welding to ensure structural integrity and accurate dimensions. Sunlink offers full customization for dimensions, material, layout, and surface finishing to meet project-specific requirements . Asiatic Group provides a range of thermoplastic and polycarbonate distribution boxes with high IP ratings (IP65-IP67), UV resistance, and flame-retardant properties. Their products, including ENYCASE, ENYBOARD, and ENYSTAR systems, are designed for harsh environments and can be customized for commercial, industrial, and photovoltaic applications . LKH Projects Distribution (LKHPD) and Lim Kim Hai Electric act as distributors of high-quality electrical distribution systems, offering products from brands like ABB, Schneider Electric, and Legrand, including busbar systems, motor...
