

Standard Distribution Box Size and Price List

Article Overview

Standard distribution boxes typically range from \$2 to \$200, with dimensions varying by type and number of circuits.

Price Range

The cost of a distribution box depends on its specifications, material, and application. Residential units generally cost between \$2 and \$50, while commercial and industrial boxes can range up to \$200 or more due to higher durability, larger capacity, and advanced features like smart monitoring or weather resistance (GEYA, Sunnom) . Installation, maintenance, and compliance with electrical codes can further influence the total investment .

Dimensions

Distribution boxes come in various sizes depending on the number of circuits and mounting requirements:

- Single-gang boxes: Designed for one device, typically compact for residential or small-scale installations .
- Double-gang or multi-gang boxes: Accommodate multiple devices or breakers, suitable for commercial or industrial setups .
- Way-based sizing: Boxes are often classified by the number of ways (1-way to 36-ways), with dimensions increasing accordingly. Length, width, and height vary b...
