

What is a GQ distribution box

Overview

The GQ BOX (formerly GQ Best Stuff Box) is a quarterly subscription box featuring the things we love—rigorously tested and loved by GQ editors. It includes our favorite electronics, grooming products, and accessories—every box valued at over \$200 each. Check out Carlos' review of the Winter 2024 GQ. [SHOP THE MEMBER STORE](#). Every season, GQ editors assemble a box built around one idea: better taste.

Grooming that works, style you'll wear, gear worth owning — valued at over \$200.

Get ready to unbox the best gear around, curated. A distribution box is a low-voltage electrical enclosure that receives incoming power and distributes it safely to multiple outgoing circuits through protective and switching devices such as MCBs, RCDs, RCBOs, fuses, isolators, busbars, neutral bars, earth bars, and surge protective devices.
