

Which stainless steel cable tray manufacturer offers the best value for money

Article Overview

Kable Kontrol and NavePoint are widely recognized for offering stainless steel cable trays that balance durability, corrosion resistance, and cost-effectiveness.

Kable Kontrol

Kable Kontrol provides 304 stainless steel cable trays with a chrome finish, designed for long-term durability in demanding environments such as data centers, AV rooms, and industrial installations . Their trays come in bulk packs, including 10-foot sections with widths of 4 to 6 inches and depths of 2 to 4 inches, making them suitable for both small and large-scale projects. The trays are NEC-approved, corrosion-resistant, and versatile for network, fiber optic, and general cabling, offering excellent value for money due to their longevity and multi-purpose use .

NavePoint

NavePoint offers mesh and electro zinc-plated steel trays that are compact, scalable, and cost-effective for small to medium cabling runs . Their 2-pack trays are easy to customize with bolt cutters, allowing flexible installation in tight spaces or phased deployments. The combination of durable steel construction and corrosion-resistant finish ensures a long service life, making them a strong choice for projects where both quality and budget are important
